## Education

### B. Tech in Computer Science and Engineering

Aug '24 - Jul '28

Atal Bihari Vajpayee Indian Institute of Information technology and Management, Gwalior

CGPA: 7.71

### Class XII | Delhi Board (Physics Chemistry Mathematics)

Apr '23 - Mar '24

DBRA School of Specialized Excellence | Gautampuri, Delhi - 110053

Percentage: 93

### Class X | CBSE

Apr '21 - Mar '22

Govt. Boys Sr Sec School | Gokalpuri, Delhi - 110094

Percentage: 90

## Projects

### HireSync (MERN Project)

- **Built** a full-stack freelancing platform supporting **job posting, proposal submission, contract management, reviews, and notifications** through a structured client-freelancer workflow.
- **Developed** a real-time messaging system using **Socket.IO** with online presence, typing indicators, message delivery acknowledgements, and read receipts.
- **Implemented JWT-based authentication**, role-based authorization, secure REST APIs, and profile/document uploads using **Multer**.
- **Designed** a responsive **React + Tailwind CSS** interface integrated with **MongoDB**, providing dedicated dashboards for both clients and freelancers.

### P2P File Transfer System

- **Built** an offline peer-to-peer file sharing application in **Go**, enabling direct file transfer without external servers.
- Implemented concurrent file transfer using **Go goroutines, channels, and TCP sockets**.
- **Designed** a lightweight web interface for seamless file sharing with minimal configuration.

### Collaborative Code Editor (Real-Time Project)

- **Built** a collaborative code editor enabling multiple users to join shared coding sessions & live participant tracking.
- **Implemented** conflict-free real-time code synchronization using **Yjs, Socket.IO, and Monaco Editor**.
- **Designed** a responsive React interface providing seamless multi-user collaborative editing.

## Achievements

- Solved 500+ Leetcode problems, strengthening skills in data structures, algorithms, and problem-solving.
- Leetcode contest rating 1656 (max 1673)
- Codeforces contest rating 1114

## Skills

Languages: C, C++, JavaScript, Go, Python

Development: Node.js, Express.js, React.js, MongoDB, Redis, JWT, Socket.IO, Tailwind CSS, HTML, CSS

Deployment: Docker, Vercel, Render

Tools & Technologies: Git, GitHub, Postman, VS Code

Core CS Concepts: Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks

## Professional Experience

### Executive Head, Design Team

Mar '25 - Present

ABV IITM IEEE STUDENT BRANCH | Gwalior, Madhya Pradesh

- Responsible for creating promotional materials, event posters, and digital content to support various events (technical and non-technical)
- Contributed as a Core Team Member in **Hacksagon 2026**, a national-level hackathon with **1000+** participants, managing event planning, coordination, and on-ground execution
- Served as a Volunteer at **IATMSI 2026**, supporting event operations and collaborating with teams to ensure smooth and efficient execution
